CITY COUNCIL REPORT

SUBJECT: Financial Statements for the period ending December 31, 2020 - Q2

SUBMITTED BY: Gary Le Cheminant, Finance Director

DEPARTMENT: Finance

DATE: March 9, 2021

STRATEGIC RELEVANCE: Necessary Administrative Action

STAFF RECOMMENDATION:

Receive and File.

BACKGROUND / INTRODUCTION:

Please see attached the Financial Statements for the period ending December 31, 2020, pursuant to the City's Financial Reporting Policy established by Resolution 2020-11. Included are the Consolidated Balance Sheet, Consolidated Statement of Revenues, Expenses, and Change in fund Balance, and the Balance Sheet by Fund through the second quarter (Q2) of FY 2020-21.

The City has 75 active funds and the attached financial statements provide information on the City's financial position as whole, as well as the position of each fund individually. The financial statements in their entirety are voluminous, but necessary to accurately portray the City and each of its funds financial standing. An executive summary has been prepared to assist in the review of the statements as follows:

Q2 Financial Statement Highlights

Consolidated Balance Sheet

The Consolidated Balance Sheet provides Asset, Liability, and Fund Balance information for all funds combined. The purpose of this report is to provide information related to the City's overall financial position, total cash position, and total outstanding liabilities.

- Total Cash and Cash Equivalents are reported as \$205 million at the close of the quarter; a decrease of -1.16% over the prior year;
 - LAIF cash decreased by -39% or just over \$10 million over the prior year. LAIF funds have been drawn down to restore minimum cash on hand operating balances at U.S. Bank. A monthly cash analysis is performed to ensure the City has the best allocation of funds between the LAIF account and the operating fund account. The goal is to keep the combined allocation between the two funds at a \$24 million minimum to cover bond payments, fluctuating infrastructure project costs and hedge against unexpected expenses that may occur that were not in the cash analysis.
 - The City's OPEB Trust has increased 17% to \$7.2 .
 - The City's Fiscal Agent accounts increased by \$170 thousand over the prior period.

- The City's Cash in Bank accounts increased by \$6.4 million as funds were drawn from LAIF to restore minimum operating cash reserves on hand.
- Short-Term Assets total \$6.9 million at the end of the period and have decreased by -50% over the prior year close.
 - Many of the accruals recorded for June 30, 2020 have been received and closed resulting in the decrease.
- Long-Term Assets have changed <1% and total \$762 million at the close of Q2
 - Most Long-Term Assets are only adjusted at year-end.
- Total Assets have decreased by <1% to \$974.8 million over June 30, 2019.
- Short-Term Liabilities have decreased from -\$14 million at year end to -\$7.6 million as of December 31, 2020.
 - The most significant change to Short-Term Liabilities is the decrease in Accounts Payable of -\$7.5 million as all year-end short-term liabilities have been paid.
- Long-Term Liabilities have decreased by -2.6% to \$156 million in comparison to the prior year-end which closed with a balance of \$160 million.
 - Reductions in Long-Term Liabilities are primarily the result of reduced bond liabilities after the issuance of bond payments during the first quarter.
 - Developer Deposits have increased from \$490 thousand at the 2020 year-end mark, to over \$2.5 million at the close of Q2.
- Retained earnings year-to-date through December total \$1.2 million combined.
 - Expect this to increase in Q3 as we receive the property tax installment in January.
- Consolidated Fund Balance decreased by <1% to \$810 million, as of December 31, 2020.

Consolidated Statement of Revenues, Expenses and Change in Fund Balance

The Consolidated Statement of Revenues, Expenses, and Change in Fund Balance provides data on total revenue and expenditures for all funds combined. If you have interest or questions about the citywide revenues or expenditures, this is the report to best answer those questions in conjunction with the Q2 Budget-to-Actual Report provided under separate cover.

- Revenue for the Q2 of FY 2020-21 totals \$50.2 million which represents 51% of the prior years' total revenue.
 - As of the close of Q2, building activities have increased significantly.
 - Increased building activities have also resulted in higher Impact Fees received to date.
- Expenses for Q2 total \$47.4 million and represents 55% of total prior year expenditures.

Balance Sheet by Fund

The Balance Sheet by Fund provides Asset, Liability, Fund Balance, Revenue, Expenses, and Change in Fund Balance detail by Fund.

General Fund

- Total General Fund Assets are \$14.5 million a -25% decrease since June 30, 2020. General Fund Assets are expected to increase in Q3 when the first installment of property tax revenue is received.
- General Fund Liabilities have decreased by \$579 thousand over the prior year as these liabilities have been paid.
- Revenue under expenses totals -\$4.2 million but revenue versus expense is expected to move to a positive position in Q4 after the first and second property tax installments for the 2020-21 are received.

POLICY COMPLIANCE:

This action is in compliance with the Financial Reporting Policy adopted by Resolution 2020-11 as well as the Financial Close Policy established by Resolution 2019-027.
